Hardware	FEWS Telemetry	LT1-GOES-BNDL	LT1 FEWS datalogger technology with built-in GOES transmitter.	Each	\$2,910.60	10.00%	\$2,639.19
Hardware	FEWS Telemetry	GPS-ANTENNA-WP	GPS antenna connected to FEWS datalogger technology; required for proper FEWS operation.	Each	\$318.60	10.00%	\$288.89
Hardware	FEWS Telemetry	GOES-ANTENNA-EON2-KIT	GOES antenna connected to FEWS datalogger technology; required for proper FEWS operation.	Each	\$966.60	10.00%	\$876.46
Hardware	FEWS Telemetry	EON2-AIMABLE-MOUNT	EON2 antenna connected to FEWS datalogger technology; required for proper FEWS operation.	Each	\$351.00	10.00%	\$318.27
Hardware	FEWS Telemetry	LT1-CELL2-BNDL	LT1 FEWS datalogger technology with built-in cellular modem for data transmission to FEWS SW system; required for proper FEWS operation.	Each	\$2,154.60	10.00%	\$1,953.68
Hardware	FEWS Required Structural Deployment Technology	WP-ENCL-MINI	FEWS Weatherproof Enclosure, housing all FEWS technology equipment, providing protection from the elements; required for proper FEWS operation.	Each	\$3,726.00	10.00%	\$3,378.55
Hardware	FEWS Required Structural Deployment Technology	20514	FEWS Weatherproof Enclosure, housing all FEWS technology equipment, providing protection from the elements; required for proper FEWS operation.	Each	\$118.80	10.00%	\$107.72
Hardware	FEWS Power	SPS-20W-ASC	Solar Panel + Battery Kit, directly connected to FEWS data logger and telemetry technologies to provide FEWS power; required for proper FEWS operation.	Each	\$1,998.00	10.00%	\$1,811.69
Hardware	FEWS Power	12220	Battery connected to FEWS data logger and telemetry technology to provide system power; required for proper FEWS operation.	Each	\$621.00	10.00%	\$563.09
Hardware	FEWS Power	CBL-DUAL-BAT	Battery cable connected to FEWS data logger and telemetry technology to provide system power; required for proper FEWS operation.	Each	\$124.20	10.00%	\$112.62
Hardware	FEWS Power	CBL-LT1-SYS-PWR	Battery Harness connected to FEWS data logger and telemetry technology to provide system power; required for proper FEWS operation.	Each	\$561.60	10.00%	\$509.23

Hardware	FEWS Power	11560	ASC Charge Regulator connected to FEWS data logger and telemetry technology to provide system power; required for proper FEWS operation.	Each	\$442.80	10.00%	\$401.51
Hardware	FEWS Power	12841	Solar Regulator to Battery cable kit, connected to FEWS data logger and telemetry technology to provide system power; required for proper FEWS operation.	Each	\$86.40	10.00%	\$78.34
Hardware	FEWS Required Structural Deployment Technology	LT1-ENCL-MINI-SNSR-EXP	LT1 FEWS data logger technology Sensor Expansion Kit - allows for adding additional sensor technologies to the FEWS system.	Each	\$189.00	10.00%	\$171.38
Hardware	FEWS Rain Gauge Sensor	00.15184.010000	rain[e] weighing precipitation sensor, connects to FEWS data logger for data gathering and transmission to FEWS SW.	Each	\$2,121.12	10.00%	\$1,923.33
Hardware	FEWS Rain Gauge Sensor	32.14581.060000	Sensor cable, connects rain gauge sensor to FEWS data logger for data gathering and transmission to FEWS SW.	Each	\$77.76	10.00%	\$70.51
Hardware	FEWS Rain Gauge Sensor	32.15180.023020	Optional Bird defense ring technology, which can be added to a FEWS rain gauge to protect from bird perching/nesting	Each	\$142.56	10.00%	\$129.27
Hardware	FEWS Rain Gauge Sensor	00.15189.004000	Tipping bucket precipitation sensor, connects to FEWS data logger for data gathering and transmission to FEWS SW.	Each	\$1,078.92	10.00%	\$978.31
Hardware	FEWS Rain Gauge Sensor	32.15188.060090	Sensor cable, connects rain gauge sensor to FEWS data logger for data gathering and transmission to FEWS SW.	Each	\$108.00	10.00%	\$97.93
Hardware	FEWS Rain Gauge Sensor	32.15189.008000	Optional insect filter technology, which can be added to a FEWS rain gauge to protect from insect nesting.	Each	\$18.36	10.00%	\$16.65
Hardware	FEWS Rain Gauge Sensor	RG-T-TRI-FL	Mount for FEWS rain gauge sensor.	Each	\$1,890.00	10.00%	\$1,713.76
Hardware	FEWS Temperature + Humidity + Pressure Sensor	00.08095.200030	THP[pro], Temperature, Humidity and Pressure sensor, connects to FEWS data logger technology.	Each	\$691.20	10.00%	\$626.75
Hardware	FEWS Temperature + Humidity + Pressure Sensor	00.08095.300000	THP[pro] WMO/ICAO conformity	Each	\$1,575.72	10.00%	\$1,428.78

Hardware	FEWS Temperature + Humidity + Pressure Sensor	97.08095.000020	THP[pro] - pre-configuration on SDI-12	Each	\$108.00	10.00%	\$97.93
Hardware	FEWS Temperature + Humidity + Pressure Sensor	32.14567.060010	Cable 15 m, connects THP sensor to FEWS data logger technology.	Each	\$83.16	10.00%	\$75.41
Hardware	FEWS Temperature + Humidity + Pressure Sensor	00.08141.600000	Weather and radiation protection for FEWS temperature/humidity sensor, required to protect sensor from external elements.	Each	\$253.80	10.00%	\$230.13
Hardware	FEWS Anemometer Sensor	97.16470.000002	u[sonic]WS anemometer technology - SDI-12 configuration	Each	\$70.20	10.00%	\$63.65
Hardware	FEWS Anemometer Sensor	32.16470.060000	Sensor cable u[sonic], u[sonic]WS; connects u[sonic] anemometer to FEWS data logger technology.	Each	\$203.04	10.00%	\$184.11
Hardware	FEWS Weather Sensor Suite	00.16480.001000	WS7 all-in-one weather sensor technology; connects directly to FEWS data logger technology.	Each	\$3,875.04	10.00%	\$3,513.69
Hardware	FEWS Weather Sensor Suite	00.16480.000000	WS6 all-in-one weather sensor technology; connects directly to FEWS data logger technology.	Each	\$2,985.12	10.00%	\$2,706.76
Hardware	FEWS Anemometer Sensor	SDI-WS-RMY-3	RM Young Dual Wind Sensor with 50ft cable. Connects directly to FEWS data logger technology.	Each	\$2,646.00	10.00%	\$2,399.26
Hardware	FEWS Anemometer Sensor	SS-RMY-MAST	Wind Sensor Mount, RM Young, 2"-2-3/8" OD Mast	Each	\$469.80	10.00%	\$425.99
Hardware	FEWS Radar (Water Level) Sensor	SDI-RADAR-LX80-8M-FL	LX-80 1Hz level sensor, 8m range, 10m CBL, BRKT, Flying Leads	Each	\$2,370.60	10.00%	\$2,149.54
Hardware	FEWS Radar (Water Level) Sensor	SDI-RADAR-LX80-15M-FL	LX-80 1Hz level sensor, 15m range	Each	\$2,478.60	10.00%	\$2,247.47
Hardware	FEWS Radar (Water Level) Sensor	SDI-RADAR-LX80-30M-FL	LX-80 1Hz level sensor, 30m range	Each	\$2,910.60	10.00%	\$2,639.19
Hardware	FEWS Radar (Water Level) Sensor	SDI-RADAR-LX80-50M-FL	LX-80 1Hz level sensor, 50m range	Each	\$3,774.60	10.00%	\$3,422.62

Hardware	FEWS Radar (Water Level) Sensor	CBL-RADAR-25-FL	Optional 25 m cable, connects FEWS water level radar sensor to FEWS data logger technology.	Each	\$279.72	10.00%	\$253.64
Hardware	FEWS Radar (Water Level) Sensor	CBL-RADAR-50-FL	Optional 50 m cable, connects FEWS water level radar sensor to FEWS data logger technology.	Each	\$405.00	10.00%	\$367.23
Hardware	FEWS Radar (Water Level + Velocity) Sensor	SDI-RADAR-300W-FL	RSS-2-300 W Surface Velocity sensor, connects directly to FEWS data logger technology.	Each	\$3,234.60	10.00%	\$2,932.97
Hardware	FEWS Radar (Water Level + Velocity + Discharge) Sensor	SDI-RADAR-300WL-FL	RSS-2-300WL Flow sensor, connects directly to FEWS data logger technology.	Each	\$7,554.60	10.00%	\$6,850.13
Hardware	FEWS Radar (Water Level + Velocity + Discharge) Sensor	SDI-300WL-INT-FL	SDI-300WL-INT-FL flow sensor, SDI-12 connection to FEWS data logger technology.	Each	\$318.60	10.00%	\$288.89
Hardware	FEWS Pressure Transducer Sensor	SDI-PT-SS-KEL	Pressure Transducer sensor, SDI-12 connection to FEWS data logger technology.	Each	\$1,728.00	10.00%	\$1,566.86
Hardware	FEWS Pressure Transducer Sensor	18639	SDI-PT KEL Cable, per ft; required to connect PT sensor to FEWS data logger technology	Each	\$3.24	10.00%	\$2.94

Hardware	FEWS Pressure Transducer Sensor	SDI-SPT-INT-FL	Pressure Transducer sensor, SDI-12 connection to FEWS data logger technology.	Each	\$918.00	10.00%	\$832.40
Hardware	FEWS Rain Gauge Sensor	RG-MM-HWDS	Kit - FEWS rain gauge sensor for High-Water Detection System (HWDS); 1 mm per tip	Each	\$3,450.60	10.00%	\$3,128.83
Hardware	FEWS Rain Gauge Sensor	RG-IN-HWDS	Kit - FEWS rain gauge sensor for High-Water Detection System (HWDS); 0.01 inches per tip	Each	\$3,450.60	10.00%	\$3,128.83
Hardware	FEWS Required Structural Deployment Technology	5950-02	Protective enclosure with FEWS rain gauge adapter, contains FEWS data logger and telemetry technology, protecting it from the elements. Require for proper ALERT2 FEWS operation.	Each	\$3,024.00	10.00%	\$2,742.01
Hardware	FEWS Rain Gauge Sensor	2400-41	Rain Gauge Top Section for Slotted Standpipe- Bronze (12 Diameter), Tipping Bucket Mechanism, connects directly to StormLink® ALERT2 FEWS data logger technology.	Each	\$3,996.00	10.00%	\$3,623.37
Hardware	FEWS Rain Gauge Sensor	2400-45	Rain Gauge Top Section for Slotted Standpipe- Bronze (12 Diameter), Tipping Bucket Mechanism, connects directly to StormLink® ALERT2 FEWS data logger technology.	Each	\$4,212.00	10.00%	\$3,819.23
Hardware	FEWS Required Structural Deployment Technology	5940-00	Weather Resistant Cabinet with Door Handle and Key Lock. Encloses all StormLink® ALERT2 FEWS data logger and telemetry technology, protecting it from the elements and possible vandalism.	Each	\$1,782.00	10.00%	\$1,615.83

Hardware	FEWS Required Structural Deployment Technology	5940-02	Cabinet saddle brackets used to secure FEWS equipment cabinets to 4-inch diameter spun aluminum poles, providing stable support for proper FEWS telemetry and communications operation.	Each	\$297.00	10.00%	\$269.30
Hardware	FEWS Required Structural Deployment Technology	5950-11	Weather Resistant Cabinet. Encloses all StormLink® ALERT2 FEWS data logger and telemetry technology, protecting it from the elements.	Each	\$777.60	10.00%	\$705.09
Hardware	FEWS Required Structural Deployment Technology	6753-05	Weather Resistant Cabinet with Door Handle and Key Lock. Encloses all StormLink® ALERT2 FEWS radar water level sensor and telemetry technology, protecting it from the elements and possible vandalism.	Each	\$1,614.60	10.00%	\$1,464.04
Hardware	FEWS Required Structural Deployment Technology	6753-15	Mounting bracket used to install and align FEWS radar water level sensors within standard enclosures; required for proper FEWS operation.	Each	\$837.00	10.00%	\$758.95
Hardware	FEWS Transmitter	3406-00	StormLink® Data Transmitter - Canister Version	Each	\$4,212.00	10.00%	\$3,819.23
Hardware	FEWS Transmitter	3416-00	StormLink® Data Transmitter - Enclosure Version	Each	\$4,320.00	10.00%	\$3,917.16
Hardware	FEWS Telemetry	7135-11	GPS antenna connected to StormLink® ALERT2 HydroMet Controller technology; required for proper FEWS operation.	Each	\$1,074.60	10.00%	\$974.39
Hardware	FEWS Telemetry	ANT-HWDS-C-OMNI	Antenna (Omni) with Lightning Protection; connects directly to the StormLink® ALERT2 HydroMet Controller technology. Required to ensure proper communications operations for the FEWS.	Each	\$1,080.00	10.00%	\$979.29

Hardware	FEWS Telemetry	7110-00	Antenna (Omni); connects directly to the StormLink® ALERT2 HydroMet Controller technology. Required to ensure proper communications operations for the FEWS.	Each	\$378.00	10.00%	\$342.75
Hardware	FEWS Telemetry	7150-14	Cable, Antenna; connects directly to the StormLink® ALERT2 HydroMet Controller technology. Required to ensure proper communications operations for the FEWS.	Each	\$367.20	10.00%	\$332.96
Hardware	FEWS Telemetry	7150-02	Cable, Antenna; connects directly to the StormLink® ALERT2 HydroMet Controller technology. Required to ensure proper communications operations for the FEWS.	Each	\$432.00	10.00%	\$391.72
Hardware	FEWS Telemetry	ANT-HWDS-C-YAGI	Antenna (Yagi) with Lightning Protection; connects directly to the StormLink® ALERT2 HydroMet Controller technology. Required to ensure proper communications operations for the FEWS.	Each	\$2,376.00	10.00%	\$2,154.44
Hardware	FEWS Telemetry	7105-04	Antenna (Yagi); connects directly to the StormLink® ALERT2 HydroMet Controller technology. Required to ensure proper communications operations for the FEWS.	Each	\$1,080.00	10.00%	\$979.29
Hardware	FEWS Telemetry	7150-03	Cable, Antenna; connects directly to the StormLink® ALERT2 HydroMet Controller technology. Required to ensure proper communications operations for the FEWS.	Each	\$351.00	10.00%	\$318.27
Hardware	FEWS Required Structural Deployment Technology	7307-01	Mounting bracket used to attach a 1.25-inch EMT antenna mast to an RLS cabinet, supporting secure installation and proper positioning of FEWS antenna and communications equipment.	Each	\$1,350.00	10.00%	\$1,224.11

Hardware	FEWS Required Structural Deployment Technology	7307-02	Protective cover used with antenna mast mounting on traffic cabinets to protect FEWS communications equipment from environmental exposure.	Each	\$534.60	10.00%	\$484.75
Hardware	FEWS Required Structural Deployment Technology	7300-04	Mounting kit used to secure a FEWS antenna mast to a vertical pole, tower leg, or pipe with an outer diameter of up to 5 inches, supporting proper FEWS communications and telemetry operation.	Each	\$540.00	10.00%	\$489.65
Hardware	FEWS Required Structural Deployment Technology	7300-02	Antenna mast made from 10-foot, 1-1/4 inch EMT tubing, used to provide rigid structural support for mounting FEWS antenna and telemetry technology to ensure reliable communications operation.	Each	\$972.00	10.00%	\$881.36
Hardware	FEWS Power	5301-03	Solar Panel (100 mA 16.5 V), connects directly to StormLink® ALERT2 HydroMet Controller technology; required to ensure proper FEWS operation.	Each	\$1,031.40	10.00%	\$935.22
Hardware	FEWS Power	5302-00	Solar Panel (1.2 Amp 20 W); connects directly to StormLink® ALERT2 HydroMet Controller technology; required to ensure proper FEWS operation.	Each	\$1,566.00	10.00%	\$1,419.97
Hardware	FEWS Required Structural Deployment Technology	5620-00	FEWS Power Enclosure, houses connects directly to StormLink® ALERT2 HydroMet Controller technology; required to ensure FEWS technology is protected from the elements.	Each	\$808.92	10.00%	\$733.49
Hardware	FEWS Pressure Transducer	SDI-SPT-INT-AL	FEWS Pressure Transducer sensor enclosure, required to ensure proper protection of the technology from the elements.	Each	\$1,026.00	10.00%	\$930.33

Hardware	FEWS Telemetry	3701-00	Radio, Transceiver; VHF 148 to 174 MHz. Connects directly to the StormLink® ALERT2 HydroMet Controller technology. Required to ensure proper communications operations for the FEWS.	Each	\$1,204.20	10.00%	\$1,091.91
Hardware	FEWS Telemetry	7101-00	Antenna (Omni); connects directly to the StormLink® ALERT2 HydroMet Controller technology. Required to ensure proper communications operations for the FEWS.	Each	\$2,478.60	10.00%	\$2,247.47
Hardware	FEWS Telemetry	7150-12	Cable, Antenna; connects directly to the StormLink® ALERT2 HydroMet Controller technology. Required to ensure proper communications operations for the FEWS.	Each	\$885.60	10.00%	\$803.02
Hardware	FEWS Telemetry	7200-00	Protector, Antenna Lightning - protects all FEWS equipment/technology from lightning strikes/surges. Required for proper FEWS operation.	Each	\$351.00	10.00%	\$318.27
Hardware	FEWS Telemetry	7170-01	Antenna VHF Bandpass Single Cavity Filter, 148 to 174 MHz - required to ensure proper communications operations for FEWS.	Each	\$2,154.60	10.00%	\$1,953.68
Hardware	FEWS Telemetry	1012-01	StormLink®ALERT2 Base Station Decoder	Each	\$7,776.00	10.00%	\$7,050.89
Hardware	FEWS Telemetry	3345-24-NM	StormLink®ALERT2 Base Station Transceiver	Each	\$8,100.00	10.00%	\$7,344.68
Hardware	FEWS Telemetry	3704-00	StormLink®ALERT2 Transceiver	Each	\$1,998.00	10.00%	\$1,811.69
Hardware	FEWS Telemetry	3482-30	StormLink® ALERT2 HydroMet Controller (Master or Remote)	Each	\$8,500.00	10.00%	\$7,707.38

Hardware	FEWS Power	5302-03	Solar Panel, 20W, with cable - connects directly to StormLink® ALERT2 HydroMet Controller technology; required to ensure proper FEWS operation.	Each	\$1,420.20	10.00%	\$1,287.77
Hardware	FEWS Power	5306-01	Solar Panel, 55W, with cable - connects directly to StormLink® ALERT2 HydroMet Controller technology; required to ensure proper FEWS operation.	Each	\$1,107.00	10.00%	\$1,003.77
Hardware	FEWS Power	5308-01	Solar Panel, 90W, with cable - connects directly to StormLink® ALERT2 HydroMet Controller technology; required to ensure proper FEWS operation.	Each	\$1,074.60	10.00%	\$974.39
Hardware	FEWS Power	5309-00	Solar Panel, 160W, with cable - connects directly to StormLink® ALERT2 HydroMet Controller technology; required to ensure proper FEWS operation.	Each	\$1,182.60	10.00%	\$1,072.32
Hardware	FEWS Power	5309-01	Solar Panel, 140 W with Cable - connects directly to StormLink® ALERT2 HydroMet Controller technology; required to ensure proper FEWS operation.	Each	\$1,296.00	10.00%	\$1,175.15
Hardware	FEWS Power	5611-00	Battery, 12V - connects directly to StormLink® ALERT2 HydroMet Controller technology; required to ensure proper FEWS operation.	Each	\$918.00	10.00%	\$832.40
Hardware	FEWS Required Structural Deployment Technology	5850-01	Brackets used to mount FEWS warning signage to 4-inch diameter pole infrastructure, supporting proper installation and operation of FEWS warning systems.	Each	\$172.80	10.00%	\$156.69
Hardware	FEWS Telemetry	HWDS-RTU-A2-BGO	StormLink® Controller (Master or Remote) w/Barrier Gate Controller (BGO) technology	Each	\$8,595.00	10.00%	\$7,793.52
Hardware	FEWS Telemetry	3482-34	StormLink® Hydromet Controller	Each	\$6,000.00	10.00%	\$5,440.50
Hardware	FEWS Required Structural Deployment Technology	5826-01	Signal Light Assembly, Red 12" LED; connects directly to FEWS StormLink® Hydromet Controller technology to provide warning lights.	Each	\$648.00	10.00%	\$587.57

Hardware	FEWS Required Structural Deployment Technology	2620-50	Optional Road Sign, Custom: WATER OVER ROAD ROAD CLOSED WHEN FLASHING; 36 x 36 in (.080 DG Yellow/Black)	Each	\$610.20	10.00%	\$553.30
Hardware	FEWS Required Structural Deployment Technology	9080-IF	Barrier Gate Operator Interface Unit (BGOIU); connects directly to FEWS StormLink® Hydromet Controller technology to control flood warning gates.	Each	\$6,000.00	10.00%	\$5,440.50
Hardware	FEWS Required Structural Deployment Technology	BGO-17L	Barrier Operator Gate (BGO) 17ft Arm Includes Reflective Tape and Lights (Sales Kit) - connects directly to FEWS StormLink® Hydromet Controller technology to close roads/pathways in case of flooding.	Each	\$15,660.00	10.00%	\$14,199.71
Hardware	FEWS Required Structural Deployment Technology	BGO-24L	Barrier Operator Gate (BGO) 24ft Arm Includes Reflective Tape and Lights (Sales Kit) - connects directly to FEWS StormLink® Hydromet Controller technology to close roads/pathways in case of flooding.	Each	\$20,520.00	10.00%	\$18,606.51
Hardware	FEWS Required Structural Deployment Technology	BGO-26L	Barrier Operator Gate (BGO) 26ft Arm Includes Reflective Tape and Lights (Sales Kit) - connects directly to FEWS StormLink® Hydromet Controller technology to close roads/pathways in case of flooding.	Each	\$22,140.00	10.00%	\$20,075.45
Hardware	FEWS Required Structural Deployment Technology	9080-AL	Barrier arm lights for Barrier Gate Operators - connects directly to FEWS StormLink® Hydromet Controller technology to turn lights on/off in case of flooding.	Each	\$534.60	10.00%	\$484.75
Hardware	FEWS Required Structural Deployment Technology	9080-LK	Installation kit for or Barrier Gate Operators - required for proper FEWS technology operation.	Each	\$486.00	10.00%	\$440.68
Hardware	FEWS Required Structural Deployment Technology	BGO-LP	Loop Detectors for BGO connects directly to FEWS StormLink® Hydromet Controller technology to trigger warning lights/gates when vehicles are present.	Each	\$1,080.00	10.00%	\$979.29
Hardware	FEWS Telemetry	5408M	Vantage Flood Monitoring Station, Master/Primary Site	Each	\$2,808.00	10.00%	\$2,546.15
Hardware	FEWS Telemetry	5408R	Vantage Flood Remote Station; supports activating flashing beacons/lights technology in case of high water.	Each	\$5,400.00	10.00%	\$4,896.45
Hardware	FEWS Telemetry	5408SR	Vantage Flood Remote Station; supports activating siren technology in case of high water.	Each	\$5,832.00	10.00%	\$5,288.17

Hardware	FEWS Pressure Transducer	FS-PT Kit	Pressure Transducer Kit used for Vantage Flood Station; required for proper Vantage Flood Station operation.	Each	\$1,404.00	10.00%	\$1,273.08
Hardware	FEWS Required Structural Deployment Technology	2620-40	Optional roadway warning sign, 36 x 36 inches, used to alert motorists to potential water hazards and support FEWS flood warning system visibility.	Each	\$394.20	10.00%	\$357.44
Hardware	FEWS Required Structural Deployment Technology	5826-00	Amber 12-inch LED signal light assembly that connects directly to the FEWS StormLink® Hydromet Controller to provide visual warning alerts during high-water or flood conditions.	Each	\$648.00	10.00%	\$587.57
SaaS	A multi-hazard, enterprise software platform providing a central command center for monitoring, analyzing, and responding to environmental risks like floods, wildfires, and severe weather, transforming raw data into actionable insights for agencies and communities to enhance preparedness and safety. It unifies diverse data sources (rainfall, water levels, cameras) to support real-time decision-making for disaster management and climate resilience.	AEM11011	Elements 360 Starter Package - Includes: Dedicated software instance hosted by AEM, Up to 2 Administrator User Accounts, Up to 5 Standard User Accounts, Up to 20 Sensing Locations, 1 Alerting Location (Lightning, NWS, or DTA), Alerts with notifications by email to Up to 10 recipients, Map Layers and Dashboard Widgets for Flood Risk, Severe Weather, and Wildfire, API Access (Local data).	Price Per Month	\$900.00	10.00%	\$816.08
SaaS	A multi-hazard, enterprise software platform providing a central command center for monitoring, analyzing, and responding to environmental risks like floods, wildfires, and severe weather, transforming raw data into actionable insights for agencies and communities to enhance preparedness and safety. It unifies diverse data sources (rainfall, water levels, cameras) to support real-time decision-making for disaster management and climate resilience.	AEM11012	Elements 360 Core Package -Includes: Dedicated software instance hosted by AEM, Up to 3 Administrator User Accounts, Up to 10 Standard User Accounts, Up to 100 Sensing Locations, Alerts with notifications by email to Up to 25 recipients, Alerts with notifications by SMS to Up to 25 recipients, Up to 3 Alerting Location (Lightning, NWS, or DTA), Map Layers and Dashboard Widgets for Flood Risk, Severe Weather, and Wildfire, Custom Map Layers, API Access (Local data).	Price Per Month	\$1,600.00	10.00%	\$1,450.80

SaaS	A multi-hazard, enterprise software platform providing a central command center for monitoring, analyzing, and responding to environmental risks like floods, wildfires, and severe weather, transforming raw data into actionable insights for agencies and communities to enhance preparedness and safety. It unifies diverse data sources (rainfall, water levels, cameras) to support real-time decision-making for disaster management and climate resilience.	AEM11013	Elements 360 Pro Package - Includes: Dedicated software instance hosted by AEM, Up to 5 Administrator User Accounts, Up to 50 Standard User Accounts, Up to 250 Sensing Locations, Alerts with notifications by email to Up to 100 recipients, Alerts with notifications by SMS to Up to 100 recipients, Up to 5 Alerting Location (Lightning, NWS, or DTA), Map Layers and Dashboard Widgets for Flood Risk, Severe Weather, and Wildfire, Custom Map Layers, API Access (Local data).	Price Per Month	\$2,750.00	10.00%	\$2,493.56
SaaS	A multi-hazard, enterprise software platform providing a central command center for monitoring, analyzing, and responding to environmental risks like floods, wildfires, and severe weather, transforming raw data into actionable insights for agencies and communities to enhance preparedness and safety. It unifies diverse data sources (rainfall, water levels, cameras) to support real-time decision-making for disaster management and climate resilience.	AEM11014	Elements 360 Enterprise Package - Includes: Dedicated software instance hosted by AEM, Up to 5 Administrator User Accounts, Up to 100 Standard User Accounts, Unlimited Sensing Locations, Alerts with notifications by email to Up to 250 recipients, Alerts with notifications by SMS to Up to 250 recipients, Up to 5 Alerting Location (Lightning, NWS, or DTA), Map Layers and Dashboard Widgets for Flood Risk, Severe Weather, and Wildfire, Custom Map Layers, API Access (Local data).	Price Per Month	\$4,000.00	10.00%	\$3,627.00
Professional Services	Elements 360 Real-Time Rain Gauge Data Collection and Analysis	V-002	Elements 360 Real-Time Rain Gauge Data Collection and Analysis services for a network of up to 25 rain gauges and utilizing no more than two (2) NEXRAD single-sites for data processing.	Per Month	\$ 3,500.00	10.00%	\$3,173.63
Professional Services	Elements 360 Real-Time Rain Gauge Data Collection and Analysis	V-002	Elements 360 Real-Time Rain Gauge Data Collection and Analysis services for a network of 26 to 50 rain gauges and utilizing no more than two (2) NEXRAD single-sites for data processing.	Per Month	\$ 4,000.00	10.00%	\$3,627.00

Professional Services	Elements 360 Real-Time Rain Gauge Data Collection and Analysis	V-002	Elements 360 Real-Time Rain Gauge Data Collection and Analysis services for a network of 51 to 100 rain gauges and utilizing no more than two (2) NEXRAD single-sites for data processing.	Per Month	\$ 4,500.00	10.00%	\$4,080.38
Professional Services	Elements 360 Real-Time Rain Gauge Data Collection and Analysis	V-002	Elements 360 Real-Time Rain Gauge Data Collection and Analysis services for a network of 101 to 200 rain gauges and utilizing no more than two (2) NEXRAD single-sites for data processing.	Per Month	\$ 5,000.00	10.00%	\$4,533.75
Professional Services	Consulting	Engineering-Services	Price per hour for our professional services team to provide consulting work on FEWS or other related projects. Consulting work includes, but is not limited to FEWS design, FEWS implementation, FEWS hardware and software solutions recommendations, FEWS feasibility studies, etc.	Price Per Hour	\$ 270.00	10.00%	\$244.82
Technical Services	Installation	Engineering-Services	Price per site, per day for our technicians to provide hardware/equipment installation services. The number of days will be determined based on the site location, hardware/equipment to be installed, civil works, etc.	Price Per Site, Per Day	\$ 4,828.00	10.00%	\$4,377.79
Technical Services	On-Site Training	Engineering-Services	Price per site, per day for our technicians to provide on-site training services for up to 20 students. The number of days will be determined based on the customer's requested training topics. Price assumes customer will provide a location and equipment to support the training.	Price Per Day	\$ 1,677.00	10.00%	\$1,520.62
Technical Services	Site Survey	Engineering-Services	Price per site, per day for our technicians to provide on-site site survey services. The number of days will be determined based on the number of sites visited and distance between sites.	Price Per Site, Per Day	\$ 1,677.00	10.00%	\$1,520.62

Technical Services	Preventative Maintenance	Engineering-Services	Price per site, per day for our technicians to provide on-site reactive and/or preventative maintenance services. The number of days will be determined based on the number of sites visited and distance between sites.	Price Per Site, Per Day	\$ 2,925.00	10.00%	\$2,652.24
